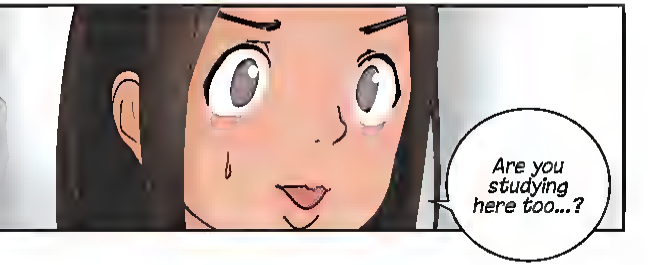
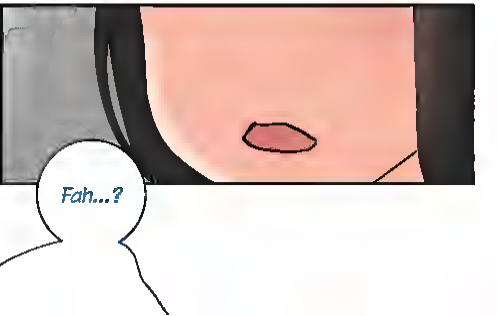
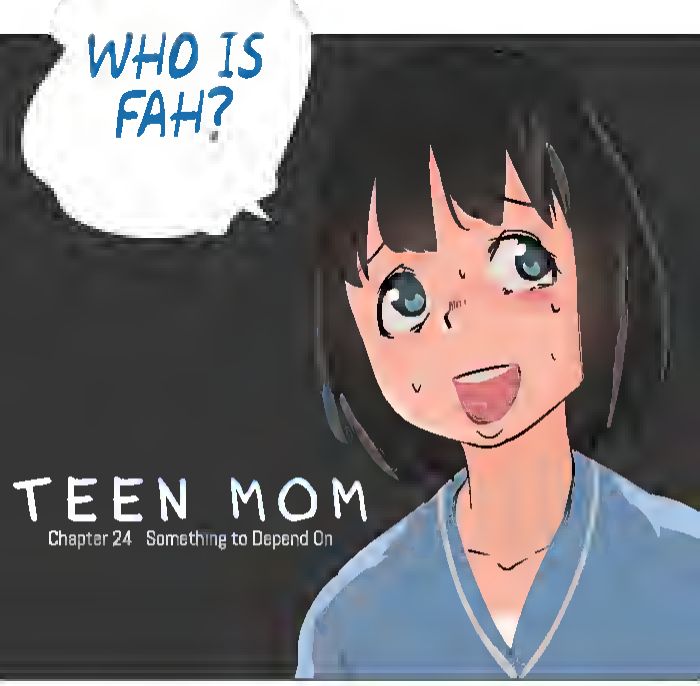
FAH?



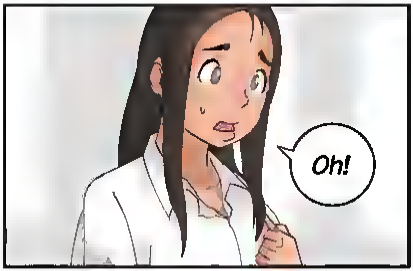
Are you studying here too...?



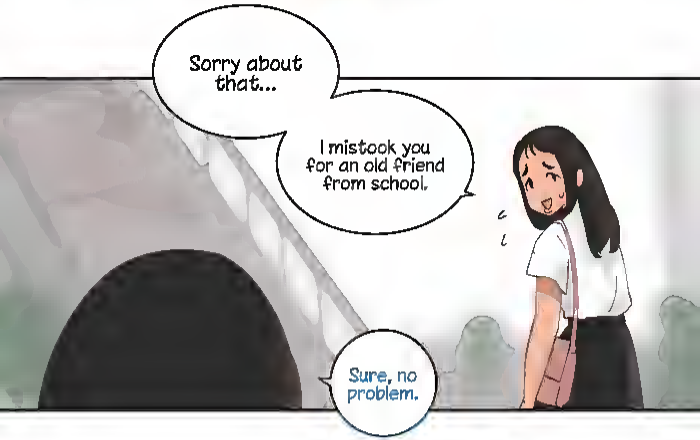
Fah...?



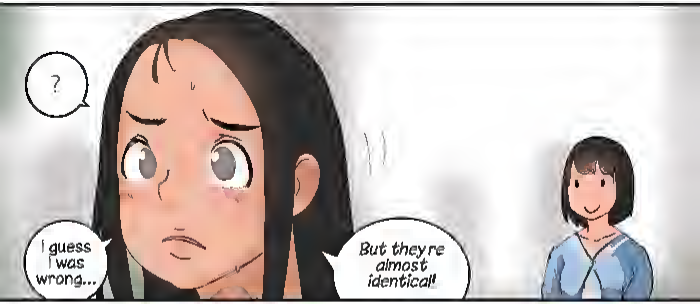
WHO IS FAH?
TEEN MOM
Chapter 24 Something to Depend On



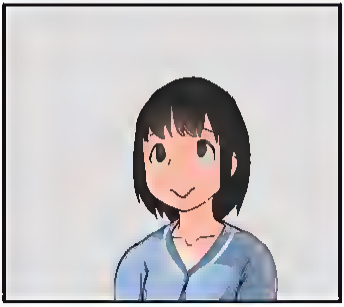
Oh!

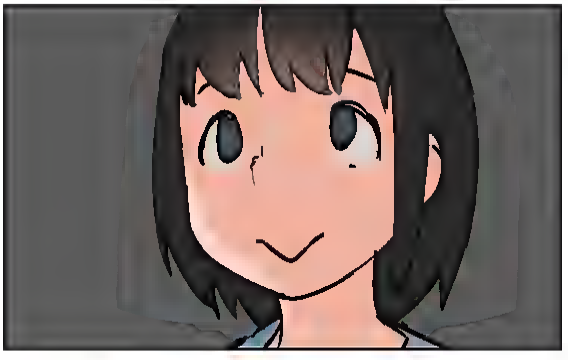


Sorry about that...
I mistook you for an old friend from school.
Sure, no problem.

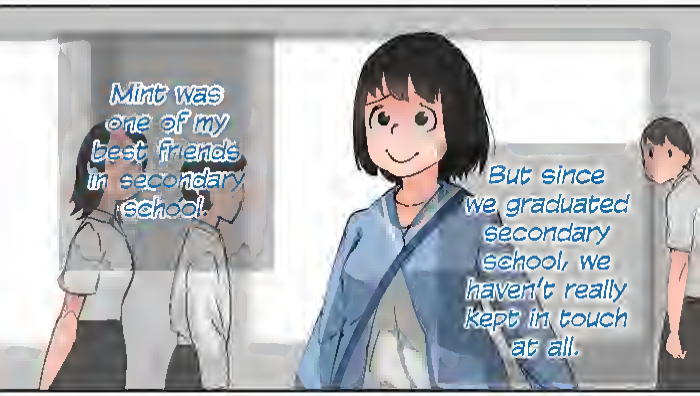


?
I guess I was wrong...
But they're almost identical!

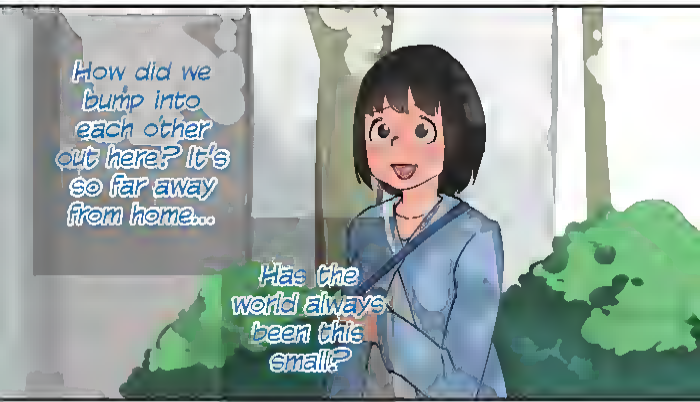




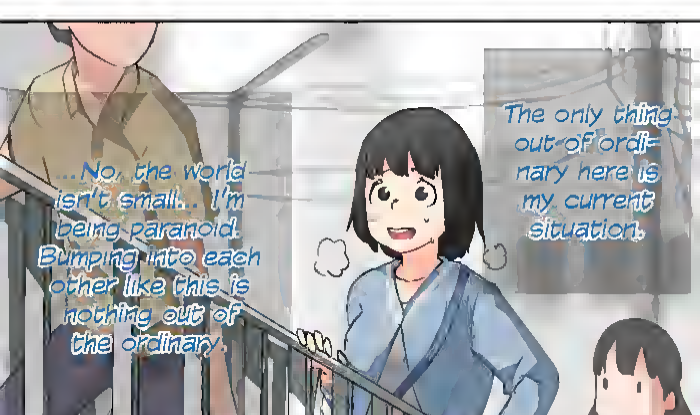
THAT
WAS
CLOSE!



Mint was one of my best friends in secondary school.
But since we graduated secondary school, we haven't really kept in touch at all.



How did we bump into each other out here? It's so far away from home...
Has the world always been this small?



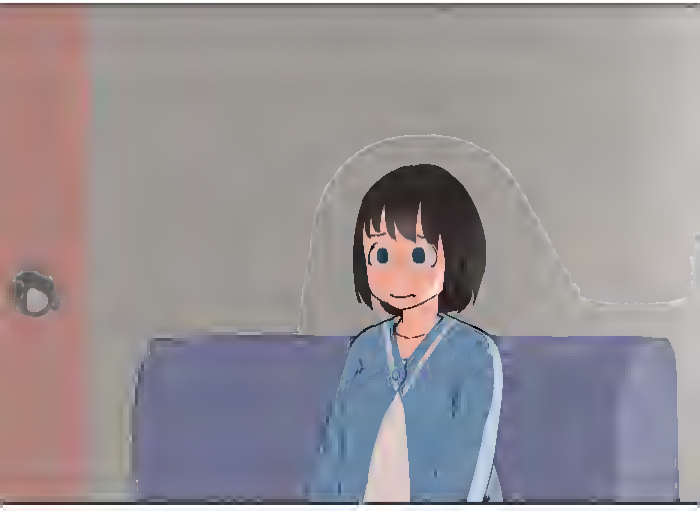
...No, the world isn't small... I'm being paranoid. Bumping into each other like this is nothing out of the ordinary.
The only thing out of ordinary here is my current situation.

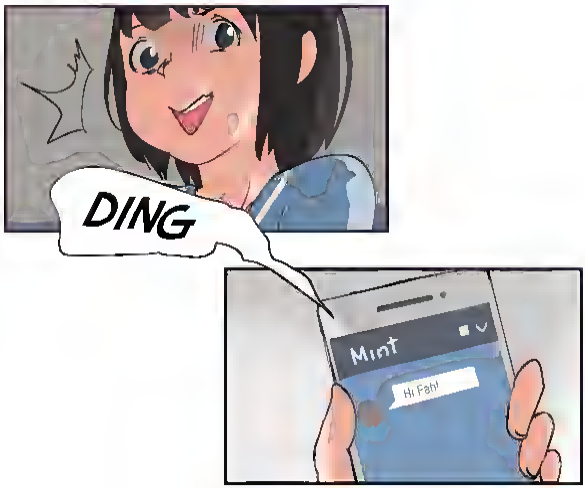
I don't think I should go to the university anymore...
I'm too scared...

Even though I miss my friends so much,

I'd rather not let them
see me in this state.

So embarrassing...





DING
Mint
Hi Fish!

Hi Fah!

...

Mint...

Said hi?

Haven't seen you since we graduated

How are you doing?
Hold on...
Mint just texted me...
...
Could she...
...have figured it out?...

Well, I'm texting you because I ran into someone today who looked just like you.
She reminded me of you, Fah.

Hey mint Yeah, we haven't talked in forever

Did she really look that much like me? Hahaha

WHAT?!
DID SHE-
A PHOTOOOO

But she's pregnant hahaha

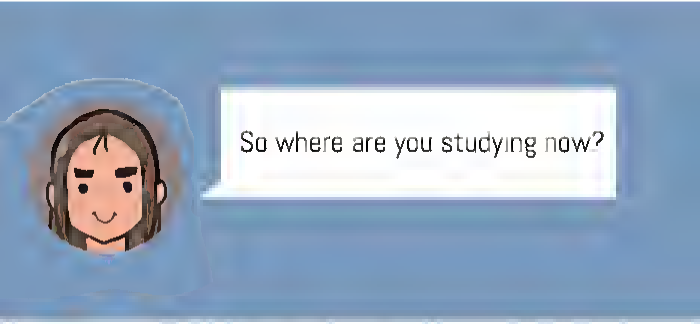
You look so much like each other! But there's no way that's you, right?

There's absolutely no way a girl like you could be pregnant! Hehe

Y... Yeah... Hahaha
I actually look ***that*** *well-behaved to everyone else?*

I don't know what I was thinking, suddenly talking to her without thinking!

Hahaha



So where are you studying now?

Oh... Well...
Bangkok...

HANG ON!

There's no way I can tell Mint that I'm living around here...

Even if I told Mint I'm studying in Bangkok, just not in this area, there's the chance she would invite me out to catch up, or even try and visit...

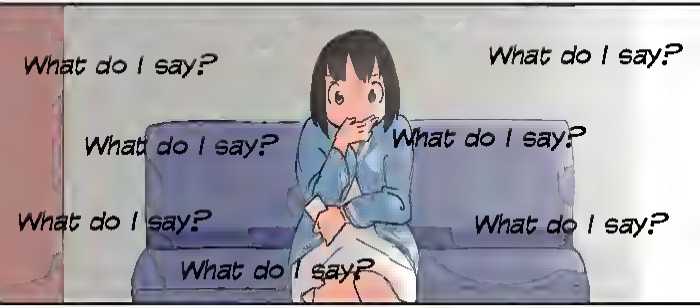
The best thing to do is to lie and tell her I'm studying nearer to home, or in some other province...

But then, if Mint finds out the truth from someone, she would want to know why I lied.

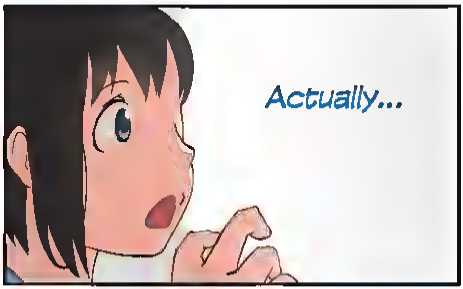
So no. If Mint finds talks to anyone close to me, there's a good chance she would figure out I'm living around here. And if she knows I'm here... I'm doomed! Definitely doomed!

Mint would figure out right away that the pregnant woman here is me, which is the original reason I would try and lie.

Should I just not reply to her...?
B-but it probably already said that I read it...
Not replying is no good



What do I say?
What do I say?
What do I say?
What do I say?
What do I say?
What do I say?
What do I say?

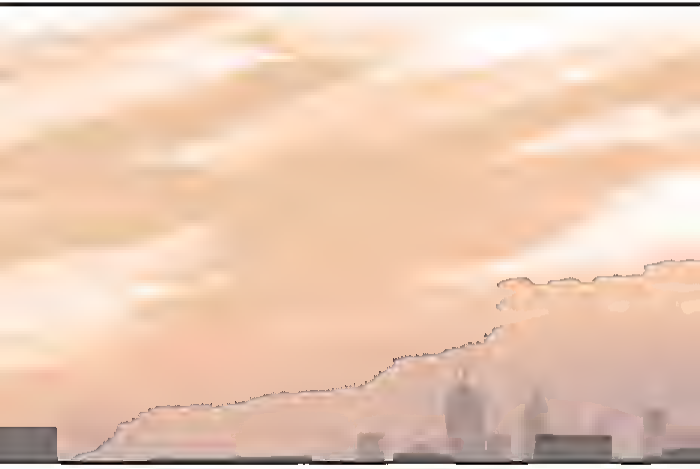


Actually...

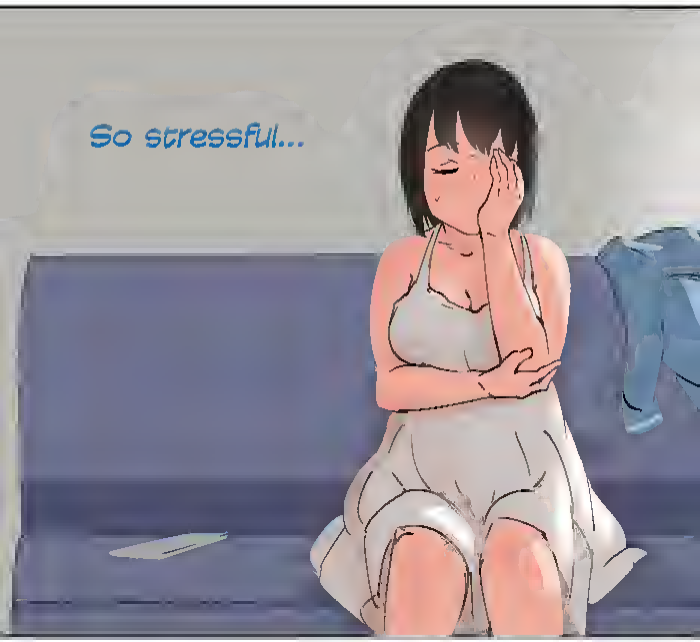
Therefore, I should

I'm still studying near home

keep lying until the end...



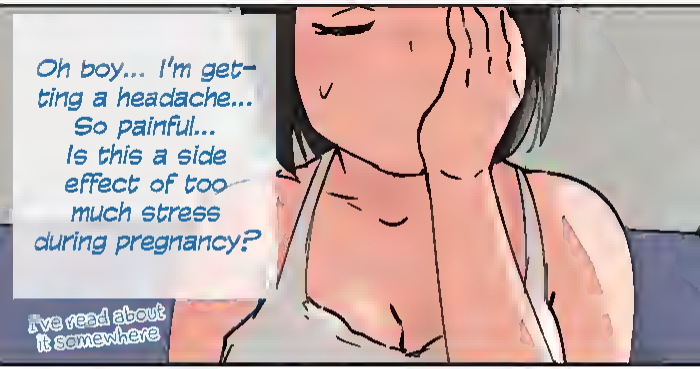
Mint



Now that I think about it, there's still that photo, huh. If Mint sent that picture to other people, then...

My other friends would probably start to text me... Then I'd be screwed.

Please don't let it be like that.

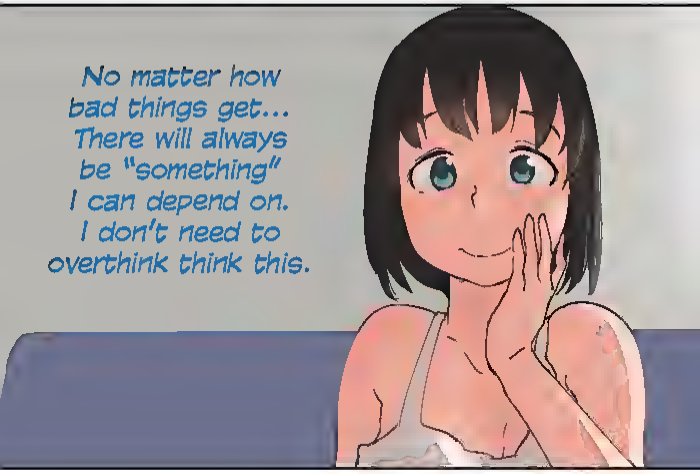


Oh boy... I'm getting a headache... So painful... Is this a side effect of too much stress during pregnancy?
I've read about it somewhere

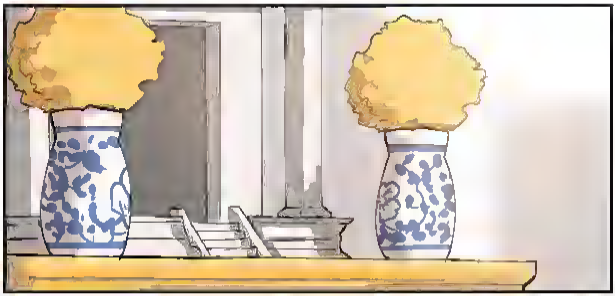
Enough is enough. I need to stop thinking about this so much.

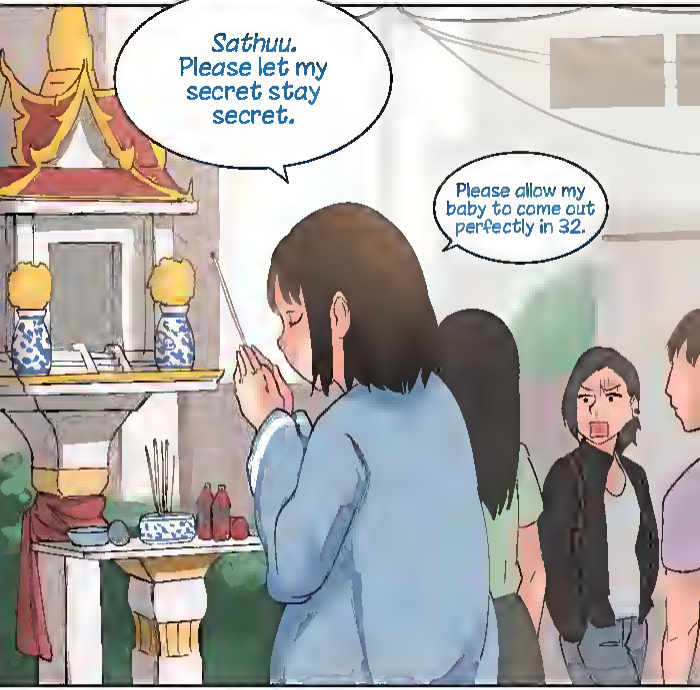
The stress is going to have an effect on my baby.

Calm down, and be positive.



"Something I can always depend on"





TL/N: In Buddhism, saying "Sathuu" in sacred places such as shrines or temples is like saying "please" to ask the holy spirits to grant their wish.

TL/N: Apparently humans have 32 organs in total, right? Coming out with less than 32 would mean that the baby is disabled in some way. This is a common Thai idiom.
